So, Cumberland, Md.—"For a long time I suffered from a nervous breakdown. I could not eat or sleep and was so weak I could hardly walk. My husband heard about Vinol and got me to try it. Now I have a good appetite, sleep soundly and am well and strong. Every nervous, weak, run-down woman should try Vinol.—Mrs. D. W. KERNS.
Vinol is a delicious cod liver and iron tonic, without oil, which we guarantee to create a healthy appetite, aid digestion and make pure healthy blood.

Attention Pensioners.

I will be in the auditor's office each Saturday in January to prepare pension blanks. Widows whose husbands were on the pension roll do not have to prove the service of their husbands, but have to sign the application and get the auditor's certificate as to property owned. Do not wait until the last day.

W. G. Peterson,
Pension Commissioner.

Not long ago my left knee became lame and sore. It pained me many restless nights. So serious did it become that I was forced to consider giving up my work when I chanced to think of Sloan's Liniment. Let me say—less than one bottle fixed me up.

American Men Fogies at 25.

(An editorial in the February Woman's Home Companion quotes the late William James, the psychologist, as saying:

"Most men are fogies at twenty-five." At that age they have acquired a few hard and fast opinions, a working knowledge of some job sufficient to support them, and a routine of existence which neither varies nor ends until they die."

WOMAN AVOIDS OPERATION

Medicine Which Made Surgeon's Work Unnecessary.

Astoria, N. Y.—"For two years I was feeling ill and took all kinds of tonics. I was getting worse every day. I had chills, my head would ache, I was always tired. I could not walk straight because of the pain in my back and I had pains in my stomach. I went to a doctor and he said I must go under an operation, but I did not go. I read in the paper about

Lydia E. Pinkham's Vegetable Compound and told my husband about it. I said 'I know nothing will help me but I will try this.' I found myself improving from the very first bottle, and in two weeks time I was able to sit down and eat a hearty breakfast with my husband, which I had not done for two years. I am now in the best of health and did not have the operation."—Mrs. JOHN A. KOENIG, 502 Flushing Avenue, Astoria, N. Y.

Every one dreads the surgeon's knife and the operating table. Sometimes nothing else will do; but many times doctors say they are necessary when they are not. Letter after letter comes to the Pinkham Laboratory, telling how operations were advised and were not performed; or, if performed, did no good, but Lydia E. Pinkham's Vegetable Compound was used and good health followed.

If you want advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

ASK PRESIDENT TO LOOK AFTER CAROLINA POLITICAL FENCE

South Carolinians in Congress Urge Acceptance of Invitations to Speak in Columbia.

The State.

Washington, Jan. 24.—Members of the South Carolina delegation in congress, with the exception of Congressman Lever, who was in attendance upon an important committee meeting, urged the president to accept the invitation extended by the general assembly of South Carolina to speak in Columbia. The matter was taken under consideration and a reply will be given later.

While at the White House Congressman Nicholls presented the name of Judge D. E. Hydrick to fill the vacancy in the supreme court bench caused by the death of Justice Lamar, with the resolutions of the Spartanburg Bar association indorsing Judge Hydrick. Mr. Nicholls asked that the president upon his return from his speaking trip allow friends of Judge Hydrick call upon him and present Judge Hydrick's claims.
